Subject: NOTIFICATION OF SYSTEM STARTUP
BIORECIRCULATION PILOT TEST - FORMER BUILDING 1/36
WASTE DISCHARGE REQUIREMENTS FOR PILOT TESTS TO EVALUATE
BIOREMEDIATION OF VOLATILE ORGANIC COMPOUNDS (VOCs) IN
GROUNDWATER, BOEING REALTY CORPORATION, FORMER C-6
FACILITY, 19503 SOUTH NORMANDIE, LOS ANGELES, CALIFORNIA
(FILE NO. 95-036; SLIC NO. 410; SITE ID NO. 1846000)
COMPLIANCE FILE CI-9310, ORDER NO. R4-2007-0040

Dear Ms. Townsend:

Camp Dresser & McKee Inc. (CDM), on behalf of Boeing Realty Corporation (BRC), is hereby notifying the California Regional Water Quality Control Board, Los Angeles Region (LARWQCB) that the pilot test associated with the above-referenced waste Discharge Requirements (WDR) program is scheduled to begin operation the week of August 27, 2007. The scope of the pilot test at the Building 1/36 area of the Facility was described in the CDM Workplan dated February 1, 2007, and WDR Order No. R4-2007-0040, Compliance File CI-9310, dated August 10, 2007, which was approved by the LARWQCB on August 9, 2007.

System startup and shakedown activities are planned to start on August 27, 2007 with continuous operation of the recirculation system planned for later in the week (barring any startup issues). The system is initially planned to be operated for a period of 2 to 4 weeks (subject to change based on field observations) without any donor injection to allow for subsurface equilibration.

Ms. Ana Townsend
